Weems & Plath Introduces First Ever Crystal Magnifier with Compass Rose!

Weems & Plath, manufacturer of fine nautical instruments, has created an optical-grade crystal glass magnifier that features a compass rose making it perfect for navigation on a nautical chart. With crystal clarity and magnification of 4x, this magnifier enlarges small print on any task and is a welcome addition to desks or chart tables. The scratch resistant Crystal Magnifier is more durable than acrylic models and is packaged in an attractive felt-lined gift box.
