

Limited Time Upgrade Option

We are offering a limited time Upgrade Program for all
Weems & Plath brand Quartz Ship's Bell Clocks and 8-Day Wind Clocks.

This program is designed to offer you a newer model clock at a reduced price in exchange for your older clock.

To take advantage of this opportunity, you must send your clock to Weems & Plath. Once we examine it, we will supply both a repair price quote, and if you also qualify for the upgrade, we will provide you with your discounted upgrade options.

If you would like to take advantage of this great program, send in your W&P Quartz Ship's Bell Clock or 8-Day Wind Clock along with the [Repair Request Form](#), and we will be in touch with you regarding your options.
